Season's Greetings Sauganash Park Resident:

If you are already a member of the Sauganash Park Community Association, thank you for your continued support of our neighborhood group! If you are not yet a member or have not renewed your membership for this year, please consider joining or renewing!

Every member and every family in our community is important to us. A unified community with a strong neighborhood organization promotes safety and well-being. You are already a part of our neighborhood family, and we are working to protect your interests, so please join us!

The neighbors who belong to, work with, and sit on the board of the SPCA, are all volunteers who are firmly committed to making our community great. Other than the Holiday Decorating Contest, your membership provides you many other benefits. For reasonable dues of \$30.00 per year, we provide the following services and activities:

- The board is proactive in terms of commercial and residential development in our neighborhood. We work closely with the Alderman and others to do what we can to make sure any developments enhance our quality of life and property values. For example, our Ward is eligible for \$500,000 in infrastructure improvements. Members of our Board are lending a voice to the process.
- We are a "small town" in a very large city. As a unified force, we can provide you a direct line of communication to the Alderman's Office and City Hall where our problems and concerns can be immediately addressed.
- We contract with snow plowing services, making parking and driving in the neighborhood easier during our harsh winter months.
- We partner with the Sauganash Community Association to put on the wonderful Fourth of July picnic in Sauganash Park, providing a parade opportunity for our children, free hot dogs and music/games for the kids in the park.
- This year was the fourth time our board put together a Halloween parade and celebration in our very own neighborhood. Next year's Halloween plan is even bigger!
- This year was our third Earth Day celebration. We organized a successful neighborhood clean-up.
- We have a unique and environmentally-friendly mosquito abatement program – praying mantis. Kids love to discover the mantis after they hatch!
- These are only some of the benefits that the SPCA provides, and with your talent and support, we can provide more!

We are all so fortunate to live in one of the most beautiful and safe communities in the city. Please support your community association by becoming a member!

Best regards,
Sauganash Park Community Association
